tell us and your wish could come true.....

Who is the youngest married couple in the city... Who is the oldest married couple???? Exciting things are a wing for them as soon as we find them.

From inside the music world... this week WROV played Glenn

Campbell's new release "Galveston" a song

written by Jim Webb. It should be as big as

Wichita Lineman... So ry to hear that the Mo

onkees are now down to three..let's hope that

their sound won't change... The Beatles

album is still one of the biggest sellers in the

Roanoke Valley...and Rocky Raccoon is the b

igest from the album. Some people are askin

for it as a single..it's not- it's on the album.

"The impact of radi today" going very

strong in the valley as the WROV person

alities are booked for all of Feb.

March & part of April.
